STAR FLUTED

Mit seinen Tannengirlanden und roten Schleifen hat sich Star Fluted zum Royal-Copenhagen-Klassiker entwickelt. Die Inspiration für das schöne Bone-China-Geschirr basiert auf einer Serie, die erstmalig 1895 gefertigt wurde. Heute ziert Star Fluted weihnachtlich gedeckte Tische überall im ganzen Land. In diesem Jahr stellen wir verschiedene neue Produkte vor, unter anderem ein Becher-Set, ein Teelichthalter-Set sowie eine Stollenplatte.

Decorata da ghirlande di pino e da fiocchi rossi natalizi la collezione Star Fluted è diventata una serie classica della Royal Copenhagen. Lo stupendo servizio da tavola creato in porcellana da ossa si ispira a un servizio prodotto per la prima volta nel 1895 e oggi gli oggetti Star Fluted portano eleganza e meraviglia alle tavole di Natale in tutto il Regno. Quest'anno si presentano alcuni nuovi articoli tra i quali i porta-candeline e uno splendido vassoio ovale.

With strings of spruce and bows of red ribbon, Star Fluted has become a Royal Copenhagen classic. The beautiful Bone China dinnerware has been created with inspiration from a service that was first produced in 1895, and today Star Fluted decorates Christmas tables all around the country. This year we present several new products including a duo-pack of mugs, a set of tealight-holders and an oval dish.
