Welcome to the universe of green

Nature is pure and known for its rich and dark colours, like green. A colour that represents balance and harmony, and symbolizes re-creation and rebirth.

This year, we are launching our popular Alrø and Lyø throws in the beautiful green color Pine Forest.

Lyø & Alrø

140 X 240

Our Alrø and Lyø throws are made of 100% Scandinavian wool and both part of our Scandinavian Ø-series named from small Danish islands. These designs are timeless, minimal, warm and cuddly blankets that go perfectly with cold winters and chilly evenings. That feeling of sitting inside with a cup of tea looking out on the dark green pine forest waiting for Christmas to arrive.

Both designs will be launched in the new colour Pine Forest:

Franja

Designed by Margrethe Odgaard, Franja was launched this year and received outstanding feedback. We believe a lot in this design, as it is a wonderful combination of art and craftsmanship created in two trend-based colours that are very different from other designs.

The throw is named after the Spanish word for stripe or edge, as reflected in the throw's edge and multi-coloured fringe.

Franja

140 X 170

Franja is made of 50% alpaca fibres and 50% wool. Franja is the latest design collaboration created together with colour expert Margrethe Odgaard.

The popular throw is relaunched in two new colours; Burgundy Light Blue inspired by the colour of red wine and a calm, sunny sky, and Sunny Apricot inspired by a field of juicy fruits.

Our finest quality

Premium Baby Alpaca Wool is first and foremost known for its impeccable texture. It is one of the softest materials on the planet.

The wool is taken from the softest part of the alpaca, and this guarantees that the fibers will produce an incredible texture.

This year, Dusty Rose will be introduced to the Trujillo and Panama collection; the perfect colour for any decor as it is simultaneously soft and elegant. It's a faded colour but in the best way imaginable as it can double as a tinted, neutral colour.

Trujillo & Panama

130 x 200

Panama & Trujillo are woven in the exclusive Premium Baby Alpaca in soft, Nordic tones – an essential for that understated feeling of luxury in the home.

Dusty Rose is the colour of happiness and is generally perceived as a cheerful colour.
